COMPANY OVERVIEW

ALPS Services, Inc. began in 1987. Since 1992 we have been providing consulting services expertise in the area of Medical Quality & Cost Control. Our clients include insurers, health care providers, private and public organizations.

Three principles help define our mission:

- ◆ Controlling health care cost;
- ◆ Ensuring quality of care; and,
- ◆ Providing physician peer review

Based on these principles, our mission is to ensure that patients/plan members are provided with health services that meet the highest professionally recognized standards of care; that this care is provided in the most appropriate setting; that treatment is medically necessary and is provided at the lowest possible cost.

Our comprehensive consulting services include utilization management, cost control, and quality assessment services throughout all health care settings. Our consulting scope of services includes:

• Medical Records and Medical Bill Review
• Coding, DRG, & HCC Validation
• Evaluation & Management Audits
• Quality Review/Quality Assurance Assessment
• Pharmaceutical Review
• Retrospective Review
• Fraud & Abuse Review
• Validation of Performance Measures
• Medical Record Abstraction
• Surveys & Data Collection
• Case Management
• Provider Credentialing & Recredentialing
• Subrogation/Third Party Liability Review

This full range of services is offered to all clients as a comprehensive package. However, any one or any number of these services can be unbundled to meet your specific needs. This customer-focused flexibility is one of the key benefits of our service, and our key competitive advantage.

Our key personnel staff consists of a team of highly skilled professionals averaging more than 25 years medical and workers' compensation experience. Our line personnel include Registered Nurse Case Managers and Reviewers, Certified Coders, Registered Health Information Technicians, Medical Record & Bill Reviewers, Medical Claims Examiners and Fraud Investigators. In addition, our Physician Advisors represent over 20 medical disciplines and specialties.

LABOR DESCRIPTIONS

All employees will comply with HIPPA, and all other state and federal regulations concerning the use, disclosure, and confidentiality of all patient records.

- 1. Quality Improvement Consultant:** Collaborate with the Quality Assurance Consultant to develop onsite visit schedules and keep the QIC informed of schedules and any required revisions. According to established procedures, arrange and confirm onsite visits. Conduct medical records abstraction in accordance with procedures ascertained in orientation and defined in the Abstractors Manual. Conduct on site staff training and participate in periodic educational conferences, via telecommunication or onsite meeting. Conduct an exit conference at the conclusion of each site visit. The QIC will be a licensed Registered Nurse or possess current credentials as a Registered Health Information Technician (RHIT) or Registered Health Information Administrator (RHIA) and possess 5 years clinical experience
- 2. Medical Records Review Consultant:** Minimum four (4) years experience in utilization review, ICD9 and CPT4 coding. Be able to evaluate the quality and accuracy of inpatient/outpatient encounter data and coding; to deliver a quantitative assessment of the validity of the diagnostic and procedural coding; and evaluate code assignment by facility/department if required. Must be a graduate of an accredited school of nursing and possess a current valid unrestricted Registered Nurse license. Minimum of three (3) years recent clinical nursing experience in an ambulatory or hospital setting. The Medical Records Review Consultant must have a minimum of seven (7) years of combined experience.
- 3. Medical Coder Consultant:** The actual reviewer must have at least three consecutive years of training and experience as a consultant in reviewing records in large tertiary care hospitals and outpatient care organizations having all medical and surgical specialties, as well as mental health and primary care. The Medical Coder will evaluate the quality and accuracy of inpatient/outpatient billing documents relative to medical record documentation and code assignments. The Medical Coder will possess current credentials as a Certified Coding Specialist (CCS), Certified Coding Specialist Physician based (CCSP) or CPC (Certified Coding Professional) and with at least 3 years work experience in medical coding or related occupation.
