

ALPS Services, Inc.

Medical Quality & Cost Control Consulting

Capability Statement

Core Competencies

ALPS Services, Inc. is a member in the growing field of Medical Quality and Cost Control Consulting.

Three principles help define our mission:

- Controlling health care cost
- Ensuring quality of care
- Identifying medical fraud, waste and abuse

Based on these principles, our mission is to ensure that beneficiaries/plan members are provided with health services that meet the highest professionally recognized standards of care; that this is provided in the most appropriate setting; that treatment is medically necessary and is provided at the lowest possible cost.

Certifications

- Certified as a Service-Disabled Veteran-Owned Small Business by the U. S. Department of Veterans Affairs
- Certified as a Minority Business Enterprise (MBE) in the states of Ohio, Pennsylvania, Missouri, and Massachusetts
- Certified by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services as a Quality Improvement-like Entity

Differentiators

- 75% of our workforce are Registered Nurses averaging more than 10 years clinical experience
- All staff have college degrees from an accredited college or university or have a state certification such as Certified Coders and Registered Health Information Technicians
- Our reviewers are trained by ALPS and other professional organizations
- Our problem-solving team, in most cases, will also offer Value Added Services that will effectively enhance the goals and objectives of the project at no additional cost
